

Area D: informal meeting/play space with standing stones, boulders and log seats

Consider pedestrian link between main site and Area E (small section of hedge removed)

Fruit trees in flower rich grassland with stone gabion dividers

Area D: central area retained as open space with public footpath along north edge.

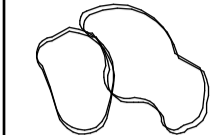

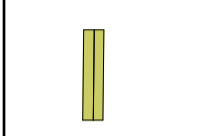

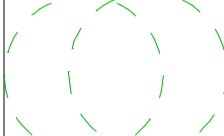

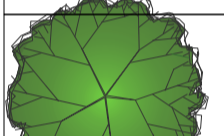

Area A: sensory garden with planting, flower rich grassland and gabion basket seating set around existing footpath

Pedestrian access between community garden and storage area

Area D edge: swale/open ditch (part of SuDS) along south and west boundaries with low trip-rail in hard-surfaced strip along road edge. Flower rich grassland. Sandstone boulders set into swale edges - seats/informal play. Possible plank bridge over swale.

Area B: wetland area with small pond (as and when water levels from surface site drainage allow). To include native aquatic and marginal plants.
