ANY OTHER BUSINESS

Cllr Doughty asked if the Community Council could apply for the Cost of Living Crisis Project Small Grants Scheme, offering fixed grants of £500 to Town and Community Councils with an annual income of £25,000 or less that have not previously delivered cost-of-living support activities. He felt that it could be used to subsidise various groups using the village halls in Llyswen and Bronllys. It was agreed that the Clerk complete an application for this grant.

A contact form was received via the website from a member of the public. "The pavement between the Anchorage park and the local garage shop are varied in width and quite a few overgrown hedge/bushes. My elderly neighbour who uses a motorised chair to ger to the shop has expressed concerns about this to me for some time – I was alarmed to hear from him the overgrowth of hedge and combined narrowing part of path near the Cock Hotel had resulted in edging him over to close to the road and resulted in him falling from the chair and required assistance from passers by to get up and back in it also injuring his hand – is there anyway these concerns can be raised at one of your meetings". It was agreed that the Clerk write to the homeowner in question to ask him to cut his hedge as soon as possible.

Action By: Clerk

Cllr Williams reported that a sign on the bypass has been damaged and needs repair. It was agreed that the Clerk report this.
